April 2020

To: All ILWU-PMA Welfare Plan Active Participants

Subject: CSDI and Weekly Indemnity Benefits Waiting Period for Non-Industrial Disabilities

For the next 60 days, the Trustees of the ILWU-PMA Welfare Plan have agreed to waive the one-week unpaid waiting period for the Disability benefits under the Welfare Plan for Plan Participants unable to work due to COVID-19, consistent with Governor Newsom's waiver of the 7-day waiting period for CA SDI. (This waiver does not apply to disabilities due to other illnesses.)

- For active longshore workers assigned to California ports, the supplemental disability benefit will be paid as follows:
 - The Plan will waive the one-week waiting period for members who are unable to work due to having or being exposed to COVID-19, if certified by a medical professional, with written documentation submitted with your application for benefits and proof of application for state disability benefits by the CA EDD (e.g., email confirmation). Proof of receipt of state disability benefits is required within 60 days from the date of claim. If no proof is provided the supplement will be discontinued unless circumstances dictate otherwise.
- For active longshore workers assigned to Oregon and Washington ports:
 - The Plan will waive the one-week waiting period for Weekly Indemnity and the Non-Industrial Disability Supplement for members who are unable to work due to having or being exposed to COVID-19, if certified by a medical professional with written documentation submitted with your application for benefits.

This does not apply to Unemployment claims.
